

About the Organization

Cherrywood Homes Alberta Ltd. commenced operations in 1997 to provide a new concept in home construction for the Wood Buffalo Region. With the focus on building neighbourhoods, instead of houses, *Cherrywood Homes* embarked on a program to provide a complete streetscape concept, where houses are matched together to create a common theme. By building neighbourhoods, their customers are able to quickly assimilate themselves into the community and make Fort McMurray their new home. Casman Building and its residential construction group is an active member of the Alberta New Home Warranty Program and 2006 Service Award recipient.

About Fort McMurray

Fort McMurray is in the Regional Municipality of Wood Buffalo (RMWB), stretching from north central Alberta to the borders of Saskatchewan and the Northwest Territories, and is among the largest municipalities in North American ranks by area encompassing 68,454 square kilometers. Fort McMurray is the largest city in the Municipality with a population of over 80,000. Best known for its association with the oil sands industry, Fort McMurray is considered to be the heart of one of Canada's major oil production hubs.

About the Opportunity

Are you an experienced and enthusiastic Project Manager with a hands-on trade background in residential construction?

Are you seeking adventure, and wish to be challenged in a unique and diverse environment?
